Chief, Data Base Systems Branch

SUBJECT: Request to Provide GIM-II Release 4.5I
to the Federal Bureau of Investigation

1. Other Agency

Federal Bureau of Investigation
Washington, D.C., 20535
Contact: Frank J. Constantino   Phone: 324-4042

2. Description of Assistance

Provide latest GIMS Release to the above agency. ODP Instruction
10-1-78, Release of Magnetic Media Outside of CIA, will be followed.

3. Location of Assistance

Central Intelligence Agency

4. Component Involved

Office of Data Processing

5. Basis for Activity

The Office of Data Processing has in the past provided the FBI with
GIMS software. They are currently running Release 4.2 and would like
to have our most recent fixes and enhancements. A copy of their
request for assistance is attached.

6. <u>Financial Cost</u>

    5 minutes CPU time

7. <u>Work hours</u>

    6 hours

8. <u>Person to Contact for Additional Information</u>

Dear

In order for the FBI to remain current with the GIM-II software, it is requested that a copy of the most recent release, Version 4.5, be forwarded to our Office. A magnetic tape will be provided to you for this purpose on June 1, when you meet with FBI personnel regarding the installation of the latest software release. In particular, the following items are requested:

1) GIM-II 4.5 Source (including MACRO), Object, and Load data sets.

2) GIM-II 4.5 Page Data Base and Device Control Table Object data sets.

3) GIM-II 4.5 SYSFILE updates (since release 4.2B) and PPSDEF data sets.

4) All documentation and manual updates identifying changes after Release 4.2B.

Because of possible incompatibility of device types, it is requested that all data sets be copied to tape with the appropriate IBM utility (i.e., IEBCOPY, IEHMOVE, or IEBGENER) instead of the Fast Dump Restore software package. Please refer any questions to Computer Systems Analyst Frank J. Constantino at telephone number 324-4042.

Sincerely,

Carolyn G. Morris
Section Chief
